PDE 3049

To: State, County, and Local Officials Involved with the Intoxicated Driver Program

This directory has been developed in response to requests from county staff working with the Intoxicated Driver Program. It lists the contact points within each county for referral of intoxicated drivers, boaters, snowmobilers, all-terrain vehicle users, and possessors of certain controlled substances (cocaine, heroin, lysergic acid diethylamide, phencyclidine, amphetamine, methamphetamine, psilocin or psilocybin). Please contact the:

- **Designated Coordinator** for information about a county's program and policy for assessment/treatment services.
- **Assessment Facility Contact** for assessment services. Court orders, reports, and collateral information regarding the referral should be sent to this contact point. Please inform the client that she/he should contact the assessment facility for an appointment first by phone. A non-resident should contact the facility the day of the court appearance. Most assessments take 1-2 hours.

This directory is available as a paper booklet and, if continued in paper form, will be updated and printed every two years. A continuously up-dated, on-line version is available at

www.dhfs.wisconsin.gov/substabuse

by clicking on "Index of Providers of Services for Methadone & IDP Assessment." We welcome your comments and suggestions.
